

State Affiliates

APT US&C welcomes state organizations to partner with the association as affiliate members. There are benefits to the organizations and their members, including information sharing as well as marketing and communication benefits. APT US&C also has an [educational partnership](#) available to state organizations that centers around providing core training to treasurers and finance directors that leads to the nationally recognized Certified Public Finance Administrator (CPFA) designation.

If you are interested in forming an APT US&C affiliate relationship with your organization, [please contact us](#), we'd be pleased to develop either a formal or informal working relationship with all state/provincial organizations in the country and Canada.
